

Hectic Summer!

Churt WI summer programme continued with the Afternoon Garden Party at Quinnettes. It was very well attended though sadly some members could not attend due to the current round of Covid. Hopefully all are fully recovered now. It was a special anniversary so there were sandwiches, cake and strawberry meringues with a glass of prosecco or elderflower. Rosemary's quiz and the free raffle were also very popular.

Temperatures then zipped up to nearly 40 degrees but did not deter a group of members taking a coach (air conditioned) down to Emsworth for a cream tea and a walk by the sea.

The pottery decorating session proved to be a great success and another is planned. We look forward to seeing our work post firing!

In September the competition theme is something aeronautical to go with our speaker's topic which is the air ambulance.
